

## Children's Race Track

Our Children's Race Track gives children a fantastic opportunity to ride our electric golf buggies around our specially designed track. Our track allows up to 6 karts to race at any time in a safe environment, which will give kids a great chance to enjoying racing. Our track comes with a variety of branding opportunities both on the carts and the track. The track can sit on any firm surface or a bespoke platform can be build to house the track.

Optional Extras – F1 Electric Cars, Branded Banners, and Start/Finish line effect
