

Red Door Events Modular Putting Greens

Putting is a key aspect to all rounds of golf and with our modular putting green, your guests or clients can practice their stroke on different sized greens. Supplied using modular panels, regulation sized cups and a selection of contour pads, our putting greens are the perfect solution to any event. With holes and contour pads that allow you to shape the green, this model provides an excellent variety of practice putts.

The modular putting green can be used either inside or outside and can even be designed to fit a certain space.

Our standard sized modular greens are –;

- 12ft by 10ft
- 22ft by 14ft

All our greens are provided with the latest TaylorMade Putters and event management of the activity.

Product Specifications-;
